### ***Vamos Juntos a la Escuela (Let's Go to School Together)***

Hispanic families, like all others, want their children to achieve to high standards and be successful in school. The U.S. Department of Education has developed a videotape for Spanish-speaking families and the schools and organizations that serve them. The video provides basic suggestions about helping children succeed in school, covering subjects such as parent involvement in education, early childhood, reading and mathematics, and preparing young people for college. The video and the printed materials that accompany it can be used in schools, community-based organizations, and homes. To order copies of the video, call the U.S. Department of Education's toll free number 1-877-4ED-PUBS (1-877-433-7827) and request publication EKR 0065K. This resource is free of charge.
